

# Health Industry Services Group

## Nationally Recognized

Listed in Best Lawyers in Canada, Lexpert's® Leading Lawyers, sitting on health boards, involved in formulating health policy and teaching at health institutions are only a sample of the recognition and knowledge our lawyers have in the health industry. Academic excellence and skill combined with practical and innovative problem solving advice.

## Integrated Involvement

Field LLP offers fully integrated health law services. Knowing every aspect of your business is our business. In successfully modeling multidisciplinary legal service teams for other institutional clients, we understand that providing efficient and effective services means being actively involved in and knowledgeable of the industry. In-depth connections and an intimate knowledge of our health clients and their organizations, including their unique challenges and sensitivities, allows the members of our multidisciplinary legal team to efficiently serve your legal needs in an integrated manner.

## Regionally Focused

We know Alberta. Field LLP has provided decades of service to the regional health industries, institutions and professionals, most recently providing legal counsel to seven of the nine health regions in Alberta prior to the consolidation into AHS. Being a regional service provider ensures that we are available at times when you need us. Physically proximate and closely monitoring regional issues and challenges effecting your organizations. Regional knowledge. Regional presence. Alberta solutions.

## Comprehensive Coverage

Field LLP goes beyond merely offering experience in various legal disciplines. We offer in-depth and current legal experience directly in the context of healthcare organizations and the health industry. These integrated areas of healthcare focused expertise include:

- Defense of Malpractice Claims
